Jim Irwin gave an update on the Foundation and the progress on the Memorial Monument:

Bids for the stone are being sought from LaBrake Memorials in Saratoga and Humphrey Memorials in Herkimer. We are waiting for some feedback from Keith Buff the architect on the actual design of the stone.

We have a pro bono surveyor from Clough Harbor Associates who will do the land survey. He will do it as his schedule allows so please be patient. He also needs clearance from the Post Office to work on Post Office property. It would be necessary as the Post Office property is adjacent to Veterans Park.

There was also a question about the ownership of the property. The tax rolls still show Veterans Park as being owned by the Post Office. A verbal check with Mayor Romano of Ballston Spa indicated that was due to paperwork not being updated. A consensus showed the Base membership would like something in writing showing that the property does in fact belong to the Village.

Base member Walt Forney why the names of New Yorkers who died due to accidents such as electrocution were not being included. Although I (Jim Irwin) wasn't 100% positive I answered that it was my understanding that the names that we included were the names of New Yorkers that were lost on the 65 lost boats that are recognized by the Navy. This has since been confirmed to me. It was suggested that if Walt or anyone else has information about New Yorkers that have died as the result as an accident or other reason that their name could possibly be included in a separate category once the Foundation website up and running.

Order blanks for the brick pavers were available and given out to members present and will be sent out with the minutes. The cost for the pavers is \$75.00 for one or \$70.00 each for two or more. Jim Irwin will send out order forms to all the New York Bases and request their support and assistance in soliciting
